

BRIJESH KUMAR GAUR

brijesh_2024bece90@nitsri.ac.in | +91 9320656615 | [LinkedIn](#) | [GitHub](#) | [Codeforces](#)

PROFESSIONAL SUMMARY

B.Tech Electronics & Communication Engineering student at NIT Srinagar with a strong foundation in C++, Python, and DBMS/MySQL. Currently expanding into backend development through dedicated coursework in advanced SQL and Spring Boot (expected completion: October 2026). Hands-on project experience in data-driven, database-backed systems, with a keen interest in AI, semiconductor research, and building scalable backend applications. Comfortable with quantitative analysis, structured data collection, and clear technical documentation.

EDUCATION

National Institute of Technology, Srinagar

Aug 2024 – June 2028

Bachelor of Technology – Electronics & Communication Engineering; CGPA (till 4th sem): 7.07

St. Thomas Inter College

2023

Class 12 (UP Board); Percentage: 87.4%

St. Thomas Inter College

2021

Class 10 (UP Board); Percentage: 85%

SKILLS SUMMARY

- Languages: C++, Java, C, Python
- Backend & Databases: MySQL, DBMS, SQL (advanced — in progress), Spring Boot (in progress)
- Web Development: HTML, CSS, JavaScript
- Core CS: Data Structures & Algorithms, Object-Oriented Design, Problem Solving
- Research & Analysis: Data Analysis, Data Collection, Quantitative Analysis, MS Office (Word, Excel, PowerPoint)
- Toolkit: Git, GitHub, VS Code, IntelliJ IDEA, CLion
- Soft Skills: Teamwork, Time Management, Analytical Thinking

PROJECTS

Library Management System — C++, MySQL

- Built a console-based library management system implementing full CRUD operations across books, members, and issue/return records, with input validation and error handling
- Designed a normalized MySQL schema (3NF) with primary/foreign key constraints and transactions to prevent duplicate issues and maintain data integrity across linked tables

Personal Portfolio Website — HTML, CSS, JavaScript

- Developed and deployed a fully responsive personal portfolio site showcasing projects, skills, and resume, optimized for both mobile and desktop viewports
- Hosted live on GitHub Pages with a clean, fast-loading, mobile-friendly layout

Backend REST API with Spring Boot & MySQL — Java, Spring Boot, MySQL (in progress)

- Building a REST API backend with authentication, pagination, and CRUD endpoints, applying advanced SQL concepts from ongoing coursework — expected completion October 2026

ACHIEVEMENTS

- Participated in a college-level coding contest at NIT Srinagar
- Actively solving problems on Codeforces to strengthen DSA and competitive programming skills

EXTRA-CURRICULARS

- Active player in college cricket and football teams
